

## **FASCICLE XI - SHIPBUILDING**

### **EDITORIAL BOARD**

**Costel Iulian Mocanu**, University "Dunarea de Jos" of Galati

**Alina Modiga**, University "Dunarea de Jos" of Galati

**Leonard Domnisoru**, University "Dunarea de Jos" of Galati

**Liviu Crudu**, University "Dunarea de Jos" of Galati

**Mihaela Amoraritei**, University "Dunarea de Jos" of Galati

**Florin Pacuraru**, University "Dunarea de Jos" of Galati

**Sandita Pacuraru**, University "Dunarea de Jos" of Galati

### **SCIENTIFIC ADVISORY COMMITTEE**

**Dario Boote**, University of Genova, Italy

**Robert Bronsart**, University of Rostock, Germany

**Pierre Ferrant**, Ecole Centrale de Nantes, France

**Yordan Garbatov**, Technical University of Lisbon, Portugal

**Carlos Guedes Soares**, Technical University of Lisbon, Portugal

**Phillipe Rigo**, University of Liege, Belgium

**Zbigniew Sekulski**, West Pomeranian University of Technology, Szczecin,  
Poland

**Le Sourne Hervé**, ICAM Nantes, France

**Giorgio Trincas**, University of Trieste, Italy

## TABLE OF CONTENTS

<b>DAN OBREJA</b>	
Small ships manoeuvring estimation in planning domain.....	5
<b>DAN OBREJA, MĂDALINA DAJBOG</b>	
Theoretical investigation on the seakeeping performance of a supply vessel with X-bow.....	9
<b>ELISABETA BURLACU, LEONARD DOMNIȘORU</b>	
On a river barge type Europe B2 1740T operation limits evaluation in irregular waves.....	15
<b>LEONARD DOMNIȘORU</b>	
Strength assessment in oblique design waves for a Europe B2 1740T river barge type .....	23
<b>DAN OBREJA, MIRELA-ROXANA CHICĂROȘA</b>	
Course-keeping and turning circle analysis in early ship design stage.....	29
<b>DAN OBREJA, GEORGE-CIPRIAN IATAN</b>	
Theoretical and experimental investigation of a catamaran resistance.....	35
<b>ALEXANDRU IOAN</b>	
The calculation of pipeline network comprising pressure reduction valve with Q-equation....	41
<b>AUREL - DAN MAIMON</b>	
A brief review about floating offshore wind turbines projects.....	49
<b>AUREL - DAN MAIMON</b>	
Metallic offshore platforms – production chronology and future solutions.....	63
<b>STEFAN NABI FLORESCU, DAN CATALIN BIRSAN, DANUT MIHAILESCU, COSTEL IULIAN MOCANU</b>	
Researches on the thermal fields analysis at MAG-M mechanized butt welding with solid wire.....	73
<b>COSTEL-IULIAN MOCANU, ANDREEA-GEORGIANA DARIE, DANIELA- MIHAELA LOICĂ, ALIN POHILCA</b>	
Study of the impact from dropping a container from the manoeuvring systems on the main deck of a PSV.....	81
<b>ANIȘOARA - GABRIELA CRISTEA</b>	
Determination of deformations and of indirect stress in the double hull panel by FEM in a container ship of 3451 TEU.....	85
<b>ANIȘOARA - GABRIELA CRISTEA</b>	
Stress concentrators positioning modes and determination of the stress concentration factor using FEM, establishing cracking scenarios to determine the characteristics of the crack.....	91
<b>COSTICĂ HOGAȘ, LIVIU ANDREI MOISE, COSTEL-IULIAN MOCANU, EUGEN GĂVAN</b>	
Numerical study using CFD methods of the shapes of a sport boat with the hull made of aluminum.....	97
<b>MATEI COSMIN BACIU, LIVIU GALATANU, COSTEL-IULIAN MOCANU, RAZVAN BIDOAE</b>	
Numerical analysis using CFD methods of flowing around trimaran hull.....	103
<b>ALEXANDRA DIACONITA, LIVIU CRUDU</b>	
On the influences of main engine parameters on EEDI evaluation for a bulk carrier.....	107
<b>MUHAMMAD TAHA ALI, RENARDO-FLORIN TEODOR</b>	
Control of welding deformation in thin plate.....	113
<b>DAN DRĂGAN, OANA-MIRELA JARCĂ</b>	
New aspects in the field of ship propulsion shaft technology.....	121
<b>GABRIEL CONSTANTIN, MIHAELA AMORARITEI</b>	
Analysis of the energy efficiency design index for two container ships and EEDI influence	127

on propulsion performances.....	
<b>MOCHAMMAD RAMZI, FLORIN PACURARU</b>	
Automatic procedure of side ship launching calculation.....	133
<b>IOAN BOSANCA</b>	
Noise onboard 9000 cbm oil tanker.....	139
<b>PAUL PASCU, LIVIU CRUDU</b>	
On the influences of loading cases and inertial characteristics on the behaviour of a floating crane.....	145
