EDITORIAL BOARD

Professor **Adrian Lungu**, University "Dunarea de Jos" of Galati

Professor **Leonard Domnisoru**, University "Dunarea de Jos" of Galati

Assoc. Professor **Dan Obreja**, University "Dunarea de Jos" of Galati

SCIENTIFIC ADVISORY COMMITTEE

Professor **Corneliu Balan**, University "Politehnica" of Bucharest, Romania

Professor **Purnendu K. Das**, Universities of Glasgow and Strathclyde, Scotland

Professor **Yasuaki Doi**, Hiroshima University, Japan

Professor **Anna Maria Galli**, University of Genoa, Italy

Professor **Hans Petter Hildre**, University College of Aalesund, Norway

Professor **Carl Erik Janson**, Chalmers University Gothenburg, Sweden

Professor **Peter Kolev**, Technical University of Varna, Bulgaria

Professor **Pawel Kosinski**, University of Bergen, Norway

Professor **Kazu-hiro Mori**, Hiroshima Institute of Technology University, Japan

Dr. **Sebastian Muntean**, Romanian Academy, Timisoara Branch, Romania

Professor **Radoslav Nabergoj**, University of Trieste, Italy

Professor **Peter E. Raad**, Southern Methodist University, Dallas TX, USA

Professor **Romeo Susan-Resiga**, University "Politehnica" of Timisoara, Romania

Professor **Phillipe Rigo**, University of Liege, ANAST

Professor **Carlos Guedes Soares**, Instituto Superior Técnico, Lisbon, Portugal

Professor **Liviu Stoicescu**, Member of Romanian Academy of Technical Science

Professor **Giorgio Trincas**, University of Trieste, Italy

TABLE OF CONTENTS

DUMITRU DRAGOMIR, LEONARD DOMNISORU, PETER KOLEV Modelling the Structures of a Ship Made by Composite Materials.....	5
LEONARD DOMNISORU, DUMITRU DRAGOMIR, PETER KOLEV, CIPRIAN CORESCHI The Strength Analysis of a Patrol Boat with Composite Material Structure, Based on 3D-FEM-Hull Model Approach.....	11
LEONARD DOMNISORU, LIVIU STOICESCU, IONEL DARIE, OVIDIU IONAS, VIRGINICA ENACHE The Numerical Study of Ships Seakeeping and Hydroelasticity with eigen Program Codes Package DYN.....	21
CIPRIAN CORESCHI Global Ship Hull Natural Vibration Predictions for a 32000 dwt Bulk Carrier.....	31
GHEORGHE IORGA New Equipments and Technologies for Efficient Recovery and Conversion of Renewable Energy Resources.....	37
COSTEL MOCANU, DOINA BOAZU Stresses and Deformations in the Structure of a Floating Excavator Using FEM.....	43
